

Beebe Healthcare Laboratory currently offers 3 categories of Covid-19 testing:

All testing requires a physician order.

- **Symptomatic**

If you or your loved ones are sick and need Covid-19 testing please go to one of our Walk-In Care Locations in Rehoboth, Georgetown, Millsboro or Millville, or contact your primary care physician. To find other locations please view the Delaware Department of Health website at <https://coronavirus.delaware.gov/testing/>

- **Pre-Surgical**

These outpatient appointments are scheduled by you or your physician through **Beebe's Central Scheduling Department at 302-645-3278**. They will arrange an appointment with our phlebotomy team at either the Rehoboth, Georgetown, or Millville Lab Express Locations or at the Lewes Health Campus Outpatient Lab at our main hospital site.

- **Clearance for School, Travel, Etc.**

For this testing you have the option of going to one of Beebe's Walk-in Care Locations in Rehoboth, Georgetown, Millsboro or Millville, or to a location listed on the Delaware Department of Health (DPH) Website.

Delaware Department of Health (DPH) COVID Information can be found at:

<https://coronavirus.delaware.gov/testing/>

Because of the volume of testing done by the State of Delaware, some testing sites are collecting insurance information from those being tested so insurance providers can be billed. Please see website for eligibility information, locations and other specifics.

Beebe Healthcare Laboratory offers a comprehensive range of clinical laboratory and pathology services. With more than 100 dedicated team members processing over 1.2 million tests annually, we are committed to providing accurate and reliable results along with the highest level of customer service for the providers and patients we serve.
