

Beebe Laboratory Electronic Specimen, Supply Tracking, & Dispatching Set-up Questionnaire

## **Practice Name:**

## Address:

Does your practice have any type of barcode label that can be printed where the barcode would indicate any type of unique patient identifier such as MRN or Patient ID? Yes/No (Please Circle One)

> If you answered yes would you like to attach your barcode label to the specimen bag or utilize a laboratory provided label with a double bar code that would then need to be attached to a specimen log maintained in your facility?

Our Facility Barcode Label/Lab Provided Bar Code Label and Specimen Log (Please Circle One)

If you circled your facility barcode label please attach an example of the barcode here

When supplies depart our facility for your location an automated email will notify you that supplies are on the way. When specimen are picked up from your location an automated email will be sent listing the barcode numbers for the samples that were picked up. What email address or addresses would you like those messages to go to?
