

**Clinical Laboratory
and Pathology Services**

Beebe Healthcare Laboratory provides an extensive menu of laboratory tests that can be collected at anyone of our collection locations. There are, however, certain tests that have special requirements and are unable to be offered at all locations. Below is the complete list of tests that can only be collected at our **Lewes Outpatient Express Laboratory** located in our **Margaret Henry Rollins Campus**.

Specialize Coagulation Testing:

ANTI-THROBIN III ACTIVITY aka FUNCTIONAL	HYPERCOAGULATION PANEL
ANTI-THROBIN III ANTIGEN	LUPUS ANTICOAGULANT PROFILE
DILUTE RUSSEL VIPER	P2Y12 / ASPIRIN PLATELET FUNCTION TEST
FACTOR II	PLASMINOGEN ACTIVITY
FACTOR IX	PROTEIN C ACTIVITY (FUNCTIONAL)
FACTOR V	PROTEIN C ANTIGEN
FACTOR VII	PROTEIN S ACTIVITY (FUNCTIONAL)
FACTOR VIII	PROTEIN S ANTIGEN
FACTOR X	PTI MIXING STUDIES
FACTOR XI	PTT MIXING STUDIES
FACTOR XII	THROMBOPHILIA PROFILE, PLASMA and WHOLE BLOOD
FACTOR XIII	VonWILLEBRAND PROFILE PLASMA
FUNCTIONAL PLASMINOGEN ASSEY (ACTIVITY)	

****Please note that PT/INR, PTT, Fibrinogen, and D-Dimer can be drawn at any location are not considered specialized coagulation tests****

Certain Heavy Metal and Trace Elements:

ALUMINUM	COPPER
COBALT, SERUM	ZINC

Tests that require special handling or conditions

2 & 3 HR GLUCOSE TOLERANCE TESTS	GLUCAGON
ACTH-ADRENOCORTICOTROPIC HORMONE (Morning Draw Required 6AM-10AM)	HISTAMINE
AMMONIA	HOMOCYSTEINE, PLASMA
C1 ESTERASE FUNCTIONAL INHIBITOR ASSAY SERUM	INTERLEUKIN 5 (IL-5)
CALCITONIN	NEWBORN SCREENING
COENZYME Q10	PARATHYROID (PTH) RELATED PEPTIDE
COLD AGGLUTININ TITER	RENIN
COMPLEMENT, TOTAL (CH50)	RHOGAM EVALUATION AND ADMINISTRATION
CRYOFIBRINOGEN	VISCOSITY
DEXAMETHAZONE SUPPRESSION TEST (Morning Draw Required 6am - 10AM)	VITAMIN B6 (PYRIDOXAL 5-PHOSPHATE)

****Please note for 2 Hour and 3 Hour Glucose Tolerance Times please schedule an appointment directly with the Lewes Outpatient Express Laboratory at 302-645-3568****

Test Collected by our Respiratory Therapist Team:

ARTERIAL BLOOD GAS	CARBOXYHEMOGLOBIN
BORDETELLA PERTUSSIS	LACTATE/LACTIC ACID
CALCIUM, IONIZED	VENOUS BLOOD GAS

Tests Performed in our Outpatient Infusion Center (OIC):

ACTH STIMULATION TEST (Also Known As: CORTROSYN STIMULATION TEST,	Please schedule directly with our Outpatient Infusion Center (OIC) at 302-645-3743
